

Details of Position

Dear job seekers,

Language School is currently seeking talented and creative teachers to join our team of native English teachers in our ACTIVE ENGLISH WEEKS program. This is a position that involves a lot of travelling around so it is best suited for those with a taste for adventure and sight-seeing.

We are looking for people who can start immediately and teach until the end of June 2015 so that we can meet an increase in demand for our program. The position involves teaching children and young adults, on special week long educationally enjoyable courses which typically run from Monday to Friday. Usually the teaching begins in the morning and finished by about 13:30. Most weekends teachers move to a new town and a new group of students.

Given that the working day is normally done by 13:30 this position suits those who like long afternoon walks, are still studying, enjoy reading or watching endless amounts of films, are aspiring writers or artists, or simply like to have a siesta every afternoon.

If you are able and willing to work with a wide age range of children, to see a lot of a country in a short space of time, to overcome different challenges every week, to develop as a teacher and to make many new friends and have a thoroughly good time then Sidas is for you.

So if you are interested in learning more with a view to joining our team just let us know and we will take it from there.

Best wishes to everyone,

Language School
